SUBJECT: North Wall of Sixth Floor Briefing Room,
Building 213

1. Confirming your telephone conversation with [redacted] 50X1
20 November, it is requested that the following change instruction
be issued to the building contractor:

a. Delete the requirement for the installation of cork,
plywood backing, and 1" X 4" nailing strips in the recessed,
display area on the north wall of the 6th floor briefing
room.

2. The rest of the wall is to be finished as specified. The
plywood and cork made excess by this deletion are to be stored for
future use in the building.
